# Accelerated Precision Tooling Certificate Program

**Looking for a new career?** Learn the machining trade at Monroe Community College in 22 weeks. Scholarships will be available through an Opportunity Grant. Upon successful completion of this 32 credit-based college program, candidates will receive a MCC Precision Tooling Certificate, along with job placement assistance from Rochester Technology and Manufacturing Association (RTMA).

**Tentative Dates:** June 8 - November 20, 2015, Monday – Friday, from 4:00 - 10:00 PM at Monroe Community College, Applied Technologies Center.

Candidates must meet the following acceptance criteria, prior to acceptance into the program.

- Complete FAFSA application
- High School Diploma or GED
- Take the Accuplacer Math & English placement assessment
- Ability to get to class everyday on time and ready to learn
- Willingness to find employment after completion
- Most employers will require a drug test and some will require background checks prior to employment
- Candidates may be required to meet additional college acceptance criteria

**Courses of study will include:** Mathematics, Blueprint Reading, Introduction to Computers, and Setup and Operation of: Engine Lathes, ProtoTrac Mills, CNC Haas Milling Machines.

**Apply Today!** Submit your resume to Ross Micali at [rmicali@monroecc.edu](mailto:rmicali@monroecc.edu).

Please call 585.292.3778 or email [rmicali@monroecc.edu](mailto:rmicali@monroecc.edu) for more information. Space is limited. Candidates must apply for consideration, and will be interviewed.

Inspiring every day.
